Green Polyester Silicone Tape

Product Data:

Backing	Polyester	0,05 mm
Adhesive	Silicone	0,03 mm
Adhesion	From Stainless Steel	8N/25 mm
Color	green	
Temperatur Resistance	+220°C	

Description: A heavy-duty silicone powder coating masking tape that provides high strength and no curl mask that is also resistant to high temperatures. This tape is removable without adhesive residue and bonds well to low energy surfaces. The green polyester film makes it highly visible with excellent opposition to solvents, oils and acids.

Features:

- High strength, no curl mask
- Chemically resistant
- Bonds to low energy surfaces
- Removes with no adhesive residue
- Available on liner for die-cutting applications

Application Notes:

Most commonly used in high temperature masking where performance is paramount. This tape leaves no residue upon removal. A very versatile tape used in masking applications, as well as splicing applications.
